Total Employees: 850		

Part III Section 1

Summary of program information entered to date.

Diversion Calculations

Program	Existing	Planned/ Expanding	Tons
Business Source Reduction	X		1.000
Material Exchange	X		0.700
Beverage Containers	X		7.000
Cardboard	X		20.900
Newspaper	X		1.500
Office Paper (mixed)	X		0.650
Self-haul greenwaste	X		400.000
Tires	X		9.100
Scrap Metal	X		100.000
Wood waste	X		93.500
Concrete/asphalt/rubble (C&D)	X		10,807.000
Total Tonnage Diverted			11,441.350
Total Tonnage Disposed			262.000
Total Tonnage Generated			11,703.350
Overall Diversion Percentage (Tonnage Diverted / Tonnage Generated)			97.8%

Hazardous Materials (Programs not included in calculations)				
Program	Existing	Planned/ Expanding	Tons	
Batteries	X		(5.500)	
Used Oil/Antifreeze	X		(30.000)	
Other Hazardous Waste	X		(21.800)	

Part III Section 2

This section of the annual report presents the methods in which your agency informed both employees and customers served that a recycling program was being implemented. Below are identified the programs you reported were continued or implemented during 2003.

1. Web Page

2. Newspaper Articles/Ads

3. Brochures, Newsletters, Publications

4. Fliers

5. Office Paper Recycling Guide

6. Outreach (technical assistance, presentations, awards, fairs, field trips)

7. Workshops

Part III Section 3

Procurement Activities Implemented in 2003

This section of the annual report presents your compliance with the State Agency Buy Recycled Campaign (SABRC). The activities identified below were reported as implemented or continued during 2003. (Note: Completing this section does not meet the [SABRC reporting requirements](#) (PCC Section 12162(b)).

1. Department-Wide Recycled-Content Procurement (RCP) Policy
2. Annual Submittal of SABRC Report
3. Staff Recycled-Content Procurement Training
4. Joint Purchase Pools

Part IV

1. **Is the mission statement of the State agency/large State facility the same as reported in the previous year?**

Yes

If No, what is the new mission statement?

2. **How has the waste stream (i.e. those materials disposed in landfills) changed since the Integrated Waste Management Plan was submitted? (Changes include kinds and quantities of materials disposed in landfills.)**

There has been no significant change to the waste stream.

3. **Summarize what [waste diversion programs](#) were continued or newly implemented in 2004.**

Many of our existing programs reflect numbers based on improved behavioral changes by employees. Employees now reuse cardboard boxes several times before recycling which shows as a one-half ton decrease in recycling weight for 2003.

Our Material Exchange shows a one ton increase that was due to the fact that Caltrans has been upgrading to more energy efficient computers and monitors. These computers and monitors were given to another state agency which in turn sells for reuse.

4. **How were the tonnages determined for the materials disposed and diverted? (e.g. waste assessments, per capita generation and extrapolation, actual disposal weights, or actual recycling weights)**

For materials generated within the District, which were recycled, the weight was determined by reviewing the actual receipts from the vendors who supply this service. Where obtaining actual receipts was not feasible estimates were determined by extrapolating the size and weight of the containers and multiplying by the frequency of service.

5. **What types of activities are included in each of the reported programs? (The following link of [category definitions](#) may assist you in answering this question.)**

Our Business Source Reduction includes the use of e-mail for communication, the

posting of job opportunities, and various newsletters. Caltrans also continues to encourage double-sided photocopying and the reuse of envelopes. District 10 also recycles beverage containers, cardboard, newspaper, mixed paper, scrap metal, wood waste, green waste and construction and demolition waste.

6. **Has the State agency/large State facility adopted or changed its waste reduction policy?**

No

If Yes, what is the new waste reduction policy?

7. **What resources (staff and/or funds) did the State agency/large State facility commit toward implementing its Integrated Waste Management Plan in 2004 to help meet the waste diversion goals?**

Caltrans has identified one recycling coordinator in each District with Headquarters having both a recycling coordinator and a Resource Conservation Senior. No additional PY's were allocated for these positions. The recycling coordinators have the responsibility to report on AB 75 in addition to their other duties.
