**Annual Per Capita Disposal**

**Employees**

Total Number of Employees: 3,436

Explain who was included in this number and how was this employee number calculated.

*Number was derived from our annual "District 4 Staffing" listing which shows the total number of employees on board, personnel assigned to the district office, and personnel assigned to our field offices.*

**Non-Employee Population**

Total number of non-employee population: 26,000

Population Type: Visitors

How was this population number determined?

The total number of visitors number was derived from our "Caltrans Visitor Log" records for 2012 maintained by our staff. The corrected total, from manually tallying the logs is 26,000.

**Disposal**

Total amount disposed: 17,492.00 tons

How was this disposal number determined?

The disposal number was calculated by adding up information recorded by Resident Engineers from forms known as Solid Waste Disposal And Recycling reports for maintenance and construction projects in 2012.

**Annual Results**

	Employee Population		Non-Employee Population	
	Target	Annual	Target	Annual
Per Capita Disposal Rate (pounds/person/day):	56.4000 000000 00000	27.89	0.000000 00000000 0	3.69

**Questions**

What types of waste are still thrown away (not reused, recycled, or composted)?

The bulk of what is taken to landfills from field offices are mixed debris material like garbage from the side of freeways (fiber rolls and tree branches, and concrete/asphalt). As for the district office items such as food waste and nonrecyclable refuse from kitchenette's and bathrooms are placed in a trash compactor housed in our loading dock and processed by Waste Management of Alameda County .

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

Regarding the material that is being hauled to landfills by field offices I cannot answer this question as I only reside at the District Office. Only the Resident Engineers at each job site that oversee maintenance and construction projects could answer the question of obstacles encountered. And I have over 100 Solid Waste Disposal and Recycling reports which different R.E.'s have signed off on.

As for the District Office, Items placed in our trash compactor for landfill are simply waste refuse that cannot be recycled.

**Programs**

**Recycling**

- Beverage containers
- Cardboard
- Newspaper
- Office paper (white)

- Office paper (mixed)
- Confidential shredded paper
- Copier/toner cartridges
- Scrap metal

*Mixed paper, cardboard, and beverage container recycling programs present at the district office involve receptacles that are present in all kitchenettes of each floor as well as mixed paper recycling bins at each employee's cubicle. When the work day is over our Department Of General Services staff collects material placed in bins and places them into recycling containers present in the building's loading dock. The vendor Recology sends personnel to collect these items to be recycled at the company's facility.*

*Copier and toner cartridges are collected and stored until state certified small business vendor "Hi-Tek Recycling" can be scheduled to recycle the items.*

*When scrap metal needs to be recycled the vendor Custom Alloy Scrap Metals is contacted and a debris box is delivered to place items containing metal which we no longer have use for.*

### Organics Recycling

None

### Material Exchange

- Nonprofit/school donations
- State surplus (accepted by DGS)

### Waste Prevention/Re-use

- Paper forms reduction - online forms
- Electronic document storage
- Intranet
- Reuse of office furniture, equipment & supplies
- Double-sided copies
- Email vs. paper memos

### Green Procurement

- Recycled Content Product (RCP) procurement policy

*The mixed paper and beverage recycle container bins contain 30% post consumer recycled content items.*

### Training and Education

- Web page (intranet or internet)
- Signage (signs, posters, including labels for recycling bins)
- Brochures, flyers, newsletters, publications, newspaper articles/ads
- Office recycling guide, fact sheets

*The Caltrans District 4 Intranet site provides information on the district's recycle programs:*

*Mixed Paper & Cardboard  
Beverage Containers  
Batteries  
Toner & Cell Phones  
Fluorescent Lights & Lamps and  
Scrap Metals.*

*Including downloadable Mixed Paper Recycling posters which state items that are "Accepted" and "Not Accepted" in the bins.*
