

## APPENDIX I

### PID TERMS AND DEFINITIONS

Project Initiation Documents (PIDs) are categorized into the following condition states:

- Approved for Capital Development - A SHOPP project that has been approved for at least some capital development work, but does not have construction funding dedicated to the project, e.g. Long-Lead projects.
- Carry-over – Projects on an approved, active work plan, resourced in a prior FY.
- Discontinued – No resources to be expended on PID.
- Fundable (Viable) – PIDS that can be programmed within three years.
- Hold – PIDs stopped due to funding or priority shift – still viable.
- New – Projects that have never been resourced, proposed to be resourced in current fiscal year (FY).
- Priority, but Unfunded – Projects still a priority, but no funding stream currently available.
- Programmed – A SHOPP project that has been approved for capital development and has dedicated funding for construction or a Non-SHOPP project that has at least one component approved for development, e.g., the environmental component.
- Refresher – PIDs 100 percent complete, but are being updated to reflect current conditions (to include funding).
- Shelf – PIDs 100 percent complete and signed by district director, but not programmed.
- Unfundable (Obsolete) – PIDs that no longer meet original purpose and need.
