## California TRANSPORTATION PLAN 2040

Integrating California's Transportation Future

### Welcome

Welcome to the California Transportation Plan (CTP) 2040 website. The creation of this website is to provide information and gather public input about the CTP 2040. We invite visitors to explore the website and provide comments and recommendations through the "Connect With Us" section.

### What is the CTP 2040?

The California Transportation Plan (CTP) provides a long-range policy framework to meet our future mobility needs and reduce greenhouse gas emissions. The CTP defines goals, performance-based policies, and strategies to achieve our collective vision for California's future statewide, integrated, multimodal transportation system. The plan envisions a sustainable system that improves mobility and enhances our quality of life. To learn more about the development of the CTP, please browse through the [CTP 2040 Fact Sheet](#).

TRANSPORTATION PLAN  
2040  
*Integrating California's Transportation Future*

Caltrans will host seven **public workshops** plus a **webinar** to gather public comments and your input about the vision of the State's transportation system to meet future mobility needs and reduce greenhouse gas emissions.

**JOIN THE CONVERSATION!!**

California Transportation Plan 2040 (CTP 2040) will guide California's future transportation decisions and investments for the next 25 years. The CTP 2040 is a statewide, long-range transportation plan that looks at the future multimodal transportation needs and the reduction of greenhouse gas (GHG) emissions. The Plan's performance based goals will make California's communities more sustainable, healthier and better meet the transportation demands all over the State.
